

Environmental Policy Statement

Atkinson Building Contractors is a local firm offering a range of building services. We are based in Penrith and have a workforce of approximately 50 skilled trades people covering all aspects of building work including bricklaying, joinery, plastering, heating and plumbing.

The management of Atkinson Building Contractors recognise their responsibility to manage the environmental impacts of our activities, products and services.

In order to promote good environmental practices, our Policy with regard to the environment is as follows: -

- To identify the significant environmental impacts of our activities.
- To develop suitable objectives, targets and management programmes, applying appropriate operational procedures to minimise our significant environmental impacts during normal, abnormal and emergency conditions.
- To comply with relevant legislation, regulation and other requirements relating to our significant environmental impacts.
- To prevent pollution, minimise our inputs of utilities and resources and the outputs of emissions to the atmosphere, effluents to waters/sewers and wastes to disposal facilities; endeavouring to re-use, recover or recycle (in particular paper, cardboard, tin, glass, plastic, polystyrene and batteries for transfer to Eden Community Recycling) materials where practicable.
- To ensure that environmental responsibilities are defined, communicated and understood at all levels within our organisation and provide appropriate training where needed.
- To ensure that suppliers and subcontractors understand the Company Policy and assist them in developing appropriate systems and a responsible approach with regard to environmental issues.
- To communicate, co-operate and respond to the views of interested parties, including customers and the general public, on environmental issues, where this is practicable and likely to result in an overall improved environmental performance.
- To strive for continual improvement in overall environmental performance.
